

Charles Harrison

WEB DEVELOPER

Charlotte, NC - Email me on Indeed: [indeed.com/r/Charles-Harrison/88cf774ee62557d6](https://www.indeed.com/r/Charles-Harrison/88cf774ee62557d6)

Graham Harrison is a right-brain left-brain web developer located in Charlotte NC. As a recent college graduate he has already distinguished himself from other developers with his ability to learn new technologies on the fly, interact with end customers, and view his role from the perspective of the entire business. It is this ability to match soft interpersonal skills with hard technical experience that makes Graham a double threat within the IT Industry.

Authorized to work in the US for any employer

WORK EXPERIENCE

ASSOCIATE WEB DEVELOPER

Jacobsen, A Textron Company - 2016 to 2017

Engineered large scale Web Applications using PHP MVC frameworks, JQuery, HTML5, CSS3, and Bootstrap. Developed Templates for various Content Management Systems including SilverStripe and WordPress. Built Relational Databases in MySQL using phpMyAdmin. Utilized Adobe Photoshop and Illustrator to create custom graphics for the web.

- Managed end user development process determining team objectives and documenting requirements for development. Managed IT Projects through entire SDLC.
- Developed supply quality system that saves the company £2,000 a month

WEB DEVELOPMENT INTERN

- 2015 to 2015

Analyzed Jacobsen's competitor websites. Measured Jacobsen's web presence using Google Analytics. Modified existing Dot Net Nuke templates and SEO effectiveness for Jacobsen West and Jacobsen Great Lakes sites.

- Learned responsive design best practices and advanced template customization and CSS.
- Managed WordPress, Bootstrap Excel and SEO projects.
- Organized meetings and delivered presentations to Executive level staff.

GRAPHIC DESIGN INTERN

Night Kitchen Interactive - Philadelphia, PA - 2011 to 2012

Philadelphia Pa 2011 to 2012

Team of experienced professionals in the areas of digital strategy, marketing, interactive design, and development.

GRAPHIC DESIGN INTERN Developed content for Smithsonian National Museum of American History, the Chemical Heritage Foundation and SFMOMA. QA tested projects for clients such as the Smithsonian National Air and Space Museum, SFMOMA, and the College of Physicians of Philadelphia.
