

Kyle Enzweiler

Tigard, OR - Email me on Indeed: [indeed.com/r/Kyle-Enzweiler/3cd3df71e834f584](https://www.indeed.com/r/Kyle-Enzweiler/3cd3df71e834f584)

Willing to relocate to: Chicago, IL - California - Washington State

Authorized to work in the US for any employer

WORK EXPERIENCE

Android Developer

DAT Solutions - Beaverton, OR - August 2016 to Present

Consistently met deadlines and requirements for all stories assigned to me

Wrote unit-tests to ensure robustness and prevent regression

Coordinated with UI/UX teammates to finalize designs and confirm requirements

Utilized common design patterns in object-oriented software development

Implemented new widgets to improve performance and backwards compatibility

Recommended architectural improvements, design solutions and integration solutions

Proposed technical solutions for functional designs and suggested options for hardware compatibility

Maintained consistency with Android Material Design

Adhered to Android best practices to maintain functionality and feasibility

Project Scope: Find freight near user's current location or destination. Owner Operators subscribe to one of DAT Solutions plans, then use Load Board to find jobs across the country. Brokers can also use Load Board to post available jobs available for the Owner Operators.

Environment: Agile, MVVM, Android Studio, Bitbucket, Git, Java, and Jira

EDUCATION

BS in Computer Science minor Mathematics

Roosevelt University - Chicago, IL

2014 to 2016

General Electives

Harper College - Palatine, IL

2012 to 2014

SKILLS

Android (3 years), Java (3 years), Javascript (Less than 1 year), Web Development (1 year), Python (Less than 1 year), Agile (1 year), XML (2 years), Testing (1 year), Git (2 years)

PUBLICATIONS

Load Board

<https://play.google.com/store/apps/details?id=com.dat.fm.carrier>

December 2016

A transportation management system app for both Brokers and Owner Operators. Uses newest UI elements to create a modern look and feel.

Fish Tracker

<https://play.google.com/store/apps/details?id=com.kodingwithkyle.kyle.fishtracker>

May 2016

Creates a memorable record of the users angling experience. Persists details of fish caught locally and remote.
