

Judy Oyster

Web Developer - Web Master

Columbus, GA - Email me on Indeed: [indeed.com/r/Judy-Oyster/e79f282283806467](https://www.indeed.com/r/Judy-Oyster/e79f282283806467)

I am ready to start a new career with a company that offers room for career growth. I am interested in application development but would also be excited to jump into a new field that would be challenging as well as financially rewarding.

WORK EXPERIENCE

Web Developer

Web Master - October 2011 to Present

IHL-Institute for Healthy Living

Web maintenance for four Vitamin Supplement web sites: Responsible for design, testing, implementation, maintenance and administration of weekly and monthly price changes, new products and special event promotions. Create images of all new products using Photoshop to crop, resize, edit and store images.

Update the home page for each site with site graphics; java, jpg, pdf.

Software - magento, mom, CV3, html and php. Maintain newsletters customer email list for each site using; vertical response, constant contact and word press. Convert blogs for each site from MS Word documents into html using Dreamweaver to upload to the web. Create supplement panels, recommended usage and ingredients for products using Dreamweaver.

Web Application Developer

AFLAC Incorporated - January 1999 to July 2010

I was on the Marketing Web Maintenance team responsible for Marketing Reports and Agents Contest Reports on the Aflac.com Associate Services web pages. I was responsible for design, testing, implementation, maintenance and administration on various databases on SQL Server which included: queries, jobs, stored procedures, tables and dts packages. I was also responsible for the ASP pages for the applications that I supported.

IT- ICAPP

Student ICAPP program CSU

AFLAC Incorporated - Columbus Ga - September 1998 to April 1999

Computer Science program offered by Columbus State University and sponsored by Aflac. For 6 months I went to school full time while still receiving my salary from Aflac. At the end of the program I received my Data Processing Certificate from CSU.

Systems Engineer

AFLAC Incorporated - October 1997 to September 1998

I supplied technical support to home office employees and Aflac Field Associates. I assisted Associates with business questions, benefit questions and technical questions concerning their laptops.
