89183

Cantara Design Group - February 2013 to December 2015

Service Technician

Cantara Design Group - Costa Mesa, CA - September 2013 to February 2015

Troubleshooting and repair of Audio Video and Home Automation equipment. Identifying problems using skill and knowledge of equipment as well as most common fail areas. Troubleshooting wired and wireless networks. Optimizing systems for more stable operations and figuring out ways to bypass problematic areas. Contacting manufacturers for RMA and/or assistance with troubleshooting of their equipment. Detailed logging of problem, procedures performed and solutions.

Installer

Cantara Design Group - February 2013 to September 2013

Install and Wire Home A/V and Automation Systems. Wiring 10,000 to 30,000sqft residences with Coaxial, Networking, Audio and other Cabling. Making sure the cabling is wired to the correctly assigned designated area and wiring is correctly labeled. Installation and termination of Punch Panels and distribution blocks. Detailed and precise installation of Equipment such as Racks, TV's, Speakers, Lifts and more.

Operations Manager

All Supplies International - July 2007 to February 2010

Main job duties included overseeing the daily operations of the company. Monitoring and analyzing expenses, and finding out ways to improve sales. Was responsible for reducing operations costs while maintaining and/or improving revenue. Negotiated with shipping carriers such as DHL, UPS and FedEx for best rates. Analyzed over 10,000 keywords and restructured over 1,000 keyword in Google Adwords Campaign to reduce the amount of

negative ROI keywords. Was responsible for daily activities of the company such as Sourcing (including sourcing from overseas), Shipping (including International), Marketing, Communications, Computers and Network support, Web Hosting and Development, Overseeing Sales personnel, creating help documents, researching and optimizing ways to improve sales support.

Lead Technician

- May 2006 to July 2007

Installed and configured CCTV Equipment with no supervision while training and overseeing new installers. Responsible for sending daily status reports and completing all projects on time. Was set as an example of perfect status report within the California region. Performed Quality Checks of installations performed by other employees due to being recognized for quality performance on my job sites.

Technician

Focus-Micro Inc - May 2005 to July 2007

Installed and configured CCTV Equipment with no supervision while training and overseeing new installers. Responsible for sending daily status reports and completing all projects on time. Was set as an example of perfect status report within the California region. Performed Quality Checks of installations performed by other employees due to being recognized for quality performance on my job sites.

Installer

- October 2005 to May 2006

Installed and configured CCTV Equipment under supervision and training of a Lead Technician.

Technical Support
