#### Specialist, Freelance

SEO - Virginia Beach, VA - January 2002 to Present

Learned SEO through trial and error. Created numerous websites, made them rank well in the search engine results, monetized the site, and then sold it. This was purely a hobby but was very successful.

- Develop SEO Strategies and implement and monitor campaigns
- Perform Site analysis, keyword research, link building
- Perform Competitor SEO research
- Prepare analytics and ranking reports for clients
- Maintained positive client relationships

#### Tomahawk Strike Manager

U.S. Navy - Norfolk, VA - October 1996 to Present

Managed a department of 45 Sailors whose responsibilities were the release of weapon systems. Directly responsible for the operating and maintenance of the Tomahawk Weapon System. While on active duty created a web based collaboration tool used for Tomahawk missile employment that the Navy quickly adapted saving millions in development costs. Maintained three different Command websites and social media presence.
