Project Details:-
Online Examination System
Role Programmer
Technology Asp.NET, C#.NET, SQL SERVER 2012
Team Size 4
Key Features Used in Project: Stored procedure, Trigger, Cursor, AJAX Control Tool kit, DB Constraints
Description
The computer based solutions are being developed as per the requirements of our day to day jobs. Earlier the ONLINE EXAMINATIONs had to face so many problems during worked manually in ONLINE EXAMINATIONs that's why Staffs were also facing the same problems.

But now with the help of this software we can open any type of Student detail like:- Name, Address, date of birth, Contact number, Student registration number, Exams Paper etc.

Beside all of these this software also stores the information about all Examiners of the ONLINE EXAMINATIONs. Such as- Examiner Name, Specialty, Address, Examiner registration number, Contact number etc.

Computer Proficiency:
• I have project development experience on ASP.Net with C# Language.
• I have project development experience on ASP.Net MVC Framework.
• Knowledge in c.
• Knowledge in PHP (Hypertext Preprocessor) with MYSQL Database.
